

MONKEY HOSE REEL

WWW.MONKEYARMS.COM

SPECIFICATIONS

The Monkey Arm Hose Reel are designed to extract car and truck exhaust gasses at the tail pipe and exhaust them outside the building. The hose reel is spring operated with a locking mechanism and can be equipped with exhaust hoses from 25 to 33 feet. The hose reel can be equipped with either 3-inch, 4-inch, 5-inch, or 6-inch hose and with either a steel or EPDM nozzle. The nozzles have a test opening that allows for carbon dioxide testing. The hose reel can be wall mounted or mounted on a horizontal extraction arm

to service a wider area. Integral fans of either ½-HP or 1HP are available in single-phase or three-phase power. The reel and frame are made from powder-coated steel—the drum is made from aluminum. Horizontal suspension arms are available in lengths of 1.5 feet to 13 feet in length.

The horizontal arms are equipped with disc-brakes to prevent drifting and come with a wall bracket.

All sales are final. All freight is FOB, Las Vegas, Nevada unless otherwise noted. All goods remain the property of Monkey Arms until paid in full. Payment is due at time of order unless credit has been granted. All past due accounts accrue a service fee of 3% per month. Monkey Arms is a DBA of Komodo Enterprises, Inc., a Nevada Corporation.

PRIVACY STATEMENT

Komodo Enterprises Inc. respects your privacy and will not divulge your contact information to any third party organization or entity without your express permission. In addition, our web sites gather no unauthorized information from your computer during your visit with us. All phone calls to Monkey Arms maybe monitored or recorded.

ACCURACY

Monkey Arms assumes no responsibility for errors or omissions in this web site or documents which are referenced by or linked to this site. This site could include technical or other inaccuracies. Changes are periodically added to the information, and Monkey Arms may change the products or services described at any time. Contact Customer Service for further information before relying on any information contained herein. The information provided on this site, including text, images, and links, are provided "AS IS" by Monkey Arms solely as a convenience to its visitors. This information is without any warranties, express or implied, including but not limited to warranties of merchantability, fitness for a particular purpose or non-infringement.

WARRANTY & INDEMNITY

Monkey Arms warrants products it manufactures for a period of 90 days to the original purchaser from the date of purchase. Items not manufactured by Monkey Arms are limited to their own manufacturer's warranties. This warranty does not apply to defects due directly or indirectly to misuse, negligence, accidents, abuse, repairs, or alterations or lack of maintenance. This is Monkey Arms sole written warranty and any and all warranties that may be implied by law, including any merchantability or fitness, for any particular purpose, are hereby limited to the duration of this written warranty. Monkey Arms does not warrant or represent that the merchandise complies with the provisions of any law or acts. In no event shall Monkey Arms liability under this warranty exceed the purchase price paid for the product. Both parties agree to binding arbitration in Las Vegas, Nevada. Monkey Arms shall in no event be liable for death, injuries to persons or property or for incidental, and contingent, special, or consequential damages arising from the use of our products. Monkey Arms warrants products only for the specific use expressly agreed to at time of purchase by Monkey Arms in writing. Motors should only be started and stopped up to 4 - 10 times per hour. Starting motors more frequently can cause heat build up and can cause the motor overload to trip or cause motor damage. In general, motors should be started and stopped as little as possible for maximum lifespan and best economy (electrical use). *Note: Motors should be protected from extreme weather to prolong motor life. All claims, including claims covered under the limited warranty, are subject to inspection and investigation before Buyer's claim is settled. Any parts returned for warranty or repair will not be accepted without an RMA number and must be shipped pre-paid. Contact Customer Service with the original bill of sale to obtain an RMA number.
