

MONKEY ARMS FILTER SS

WWW.MONKEYARMS.COM

SPECIFICATIONS

The Monkey Arm Shop Service Filter is our most powerful filtration unit for coolant or oil mist from lathing, milling, drilling, sawing, watercutting, etc. The unit can be equipped with a HEPA filter (optional) to provide for up to 99.99% filtration. The unit filters with physical filtration (impinger) and deep-pleated glass fiber fleece. These filters are washable for low operating costs (the optional HEPA filters are not washable). The unit comes complete with an integral fan and is available in three sizes: The

SS1 is for 1-2 machines (1HP Fan); the SS2 is for 1-4 machines (3HP Fan), the SS4 is for 1-8 machines (5 HP Fan). The accumulated liquid is drained back to an oil return pipe. The housing is powder-coated steel. Options include integral pressure gauges for indicating filter changes, HEPA filtration, adjustable inlet damper, and extension legs. The filter is typically floor-mounted and can be integrated with the machine controls to switch on when any machine is started. The units have 100-, 240-, and

400-square feet of filtration area respectively.

TERMS AND CONDITIONS

PAYMENTS AND TERMS

Prices quoted are good for 30 days unless otherwise noted. Monkey Arms accepts cash, check, wire transfer, or credit cards. All prices are quote in US Dollars, unless otherwise noted. All sales are final. All freight is FOB, Las Vegas, Nevada unless otherwise noted. All goods remain the property of Monkey Arms until paid in full. Payment is due at time of order unless credit has been granted. All past due accounts accrue a service fee of 3% per month. Monkey Arms is a DBA of Komodo Enterprises, Inc., a Nevada Corporation.

PRIVACY STATEMENT

Komodo Enterprises Inc. respects your privacy and will not divulge your contact information to any third party organization or entity without your express permission. In addition, our web sites gather no unauthorized information from your computer during your visit with us. All phone calls to Monkey Arms maybe monitored or recorded.

ACCURACY

Monkey Arms assumes no responsibility for errors or omissions in this web site or documents which are referenced by or linked to this site. This site could include technical or other inaccuracies. Changes are periodically added to the information, and Monkey Arms may change the products or services described at any time. Contact Customer Service for further information before relying on any information contained herein. The information provided on this site, including text, images, and links, are provided "AS IS" by Monkey Arms solely as a convenience to its visitors. This information is without any warranties, express or implied, including but not limited to warranties of merchantability, fitness for a particular purpose or non-infringement.

WARRANTY & INDEMNITY

Monkey Arms warrants products it manufactures for a period of 90 days to the original purchaser from the date of purchase. Items not manufactured by Monkey Arms are limited to their own manufacturer's warranties. This warranty does not apply to defects due directly or indirectly to misuse, negligence, accidents, abuse, repairs, or alterations or lack of maintenance. This is Monkey Arms sole written warranty and any and all warranties that may be implied by law, including any merchantability or fitness, for any particular purpose, are hereby limited to the duration of this written warranty. Monkey Arms does not warrant or represent that the merchandise complies with the provisions of any law or acts. In no event shall Monkey Arms liability under this warranty exceed the purchase price paid for the product. Both parties agree to binding arbitration in Las Vegas, Nevada. Monkey Arms shall in no event be liable for death, injuries to persons or property or for incidental, and contingent, special, or consequential damages arising from the use of our products. Monkey Arms warrants products only for the specific use expressly agreed to at time of purchase by Monkey Arms in writing. Motors should only be started and stopped up to 4 - 10 times per hour. Starting motors more frequently can cause heat build up and can cause the motor overload to trip or cause motor damage. In general, motors should be started and stopped as little as possible for maximum lifespan and best economy (electrical use). *Note: Motors should be protected from extreme weather to prolong motor life. All claims, including claims covered under the limited warranty, are subject to inspection and investigation before Buyer's claim is settled. Any parts returned for warranty or repair will not be accepted without an RMA number and must be shipped pre-paid. Contact Customer Service with the original bill of sale to obtain an RMA number.
